British Territorial Units Instructed To Be Ready To Embark

By FREDERICK KUN

British United Press, Exclusive Cable to The Edmonton Bulletin.

LONDON, July 4.—Military circles reported that several British regular army and Territorial units (home guard) have been instructed to be prepared for "possible embarkation." Units affected were said to be infantry " earmarked" for an expeditionary force which Britain would send to France and other overseas countries in event of war.

The instructions were taken to mean that embarkation was not imminent but that the units affected would be sent abroad immediately in event of war.

In the last two weeks some of the Territorial units have received additional clothing and now have a full war kit. Coincident with the troop preparations, the government has been quietly lining up shipping required for the transport of an expeditionary force.

It became known that the government has chartered the Lamport and Hull Line's fleet which was used for troop transport during the Ethiopian crisis.

The Voltaire was scheduled to cruise the Norwegian fjords and now has a full war kit. Coincident with the troop preparations, the government has been quietly lining up shipping required for the transport of an expeditionary force.

Some Territorial anti-aircraft units along the coast have been ordered to prepare guns for action as training practice continued during the night.

Preparations for civilian defence kept pace with the military. A campaign was begun today to register 500,000 volunteers for the donation of blood for transfusions during war time.

4-M Rating

Mrs. Arlene Davis, Cleveland, is pictured after she received word that she successfully passed her government tests to obtain a 4-M rating, entitling her to fly any plane except high wing biplanes. She is the only woman in the United States holding this coveted rating. Her license permits her to fly multi-engine planes, including airline transporters, up to a gross weight of 10,000 pounds, over land or sea.

MCKINNON HAS HIGH PRAISE FOR PREMIER

Urges Attendance At Toronto Dinner In Honor Of Mackenzie King

Alberta should be represented at the dinner in honor of Mackenzie King, which will be held in Toronto next week, urged Hon. James A. Macdonald, M.P. for West Edmonton, on Tuesday.

He particularly urged all Liberal candidates in the federal election, Liberal M.L.A.s and officials of the prime minister's leadership, to be present at the banquet which marks the 20th anniversary of the prime minister's leadership.

Mr. Macdonald said that the desire of the National Liberal Federation, sponsoring the complimentary banquet, to have a large representation from all the provinces is evidenced by the fact that tickets will not be sold in Toronto itself until the various provincial delegations have been accommodated.

The view of the nature of the banquet, which is intended to pay honor to Mr. King as a statesman and great Canadian, Mr. Macdonald said, he personally would be surprised if any Liberal representative would not make an election announcement, or other political statement of similar nature.

While Mr. Macdonald said it was impossible to say at what price tickets for the banquet would be sold, he declared that the federal-provincial relations would be ready, he declared that the federal-provincial relations would be ready, he declared that the federal-provincial relations would be ready.

TWO EDMONTON MEN HURT AT SARCEE CAMP

Bruce Eby and James P. Matheson Struck by Wing of Bombing Plane

CALGARY, July 4.—Bruce Eby of Edmonton suffered minor injuries, and James P. Matheson of Edmonton received a badly cut ear when a Vapour bombing plane, taking part in military training, stalled in making a landing at Sarcee camp and struck the two men. The accident occurred at 7:45 a.m. Tuesday.

Both Edmontonians were standing on an anti-aircraft battery on the ground at the camp, near mile, west of Calgary. The plane's wing caught them as the ship came to the ground.

Both Eby and Matheson were removed to the Belcher military hospital in Calgary.

Dr. C. P. L. Debnay stated Tuesday at 10:15 a.m. that he had been in Edmonton communicating with Lt. Col. W. G. Stillman, commanding officer of the Edmonton Regiment (20th Battalion), in which Eby and Matheson are attached. Col. Stillman and Dr. Debnay, a military physician, both stated the boys would be recovered in about a week.

Matheson is the son of Mrs. Eva Matheson, 1013 123 ave. S.W. in Edmonton.

Bruce Eby is the son of Mr. and Mrs. M. Eby, 1904 11th street.

WORK INJURIES
Dr. H. H. Johnson of the Belcher hospital staff reported 18-year-old Eby received internal injuries and abrasions to his head which he considered of minor character. After the Edmonton youth was examined, the doctor said he was not sure to relieve the pain he resorted to morphine. Dr. Johnson stated that Eby was not seriously injured when the plane's wing struck him. The doctor said Eby was quickly and is resting comfortably.

REAL "WARFARE"
The mishap occurred several hours before real "warfare" was to begin. Hawker Hurricane planes which were scheduled to begin.

A composite battalion in full battle order and equipped with gas masks will fight off the Hurricane's aerial attack with machine guns. Bombs and rifles are at a spot along the Ellsbow river.

New Method For Insulin Reported
PALO ALTO, Cal., July 4.—Insulin administered through the mouth, instead of by the use of a "carrier" drug such as atropine, may be the next step in the control of diabetes, Professor J. P. Hanika of Stanford University told the Society for Experimental Biology and Medicine.

HARMON RIVER CLAIMS LIFE OF YOUNG CHILD

David Ferguson Drowns As He Falls From Scow

Exclusive to Edmonton Bulletin
HARMON RIVER, July 4.—About seven-year-old son of Mrs. Ferguson, lost his life in the waters of Harmon river Monday afternoon. The young lad, with others, was taken at the junction of the river at Harmon river while the Peace was in flood stage, and despite his efforts to keep off, children have been using the big scow as a playground.

Help arrived immediately it was learned the lad had fallen into the deep water and in a few minutes the body was recovered. Efforts at resuscitation by the local fire department were continued for over three hours by members.

Montreal Police and Dr. Suberlin, but proved futile, although several times it was believed they were going to be successful.

DANGEROUS ENDING
With the Peace running full and swift, the Harmon is naturally very deep from the banks and is considered highly dangerous owing to the underflow. This is the first drowning of a child here for some time although there have been many other accidents and also many tragic results.

Cap. David Cadehead, in charge of the Hudson Bay motor boat, left Monday night for Fort McMurray with a capacity cargo and several passengers including a survey party of the provincial government, and to ensure to the Keg river territory, where a survey party of the province is undertaking which will be reserved for the half-breed.

Wednesday the Dominion called the Meis. A Canadian. Several days ago the Meis was reported to be in the hands of the province, and it is believed that it is in the hands of the province.

WORK INJURIES
Dr. H. H. Johnson of the Belcher hospital staff reported 18-year-old Eby received internal injuries and abrasions to his head which he considered of minor character. After the Edmonton youth was examined, the doctor said he was not sure to relieve the pain he resorted to morphine. Dr. Johnson stated that Eby was not seriously injured when the plane's wing struck him. The doctor said Eby was quickly and is resting comfortably.

REAL "WARFARE"
The mishap occurred several hours before real "warfare" was to begin. Hawker Hurricane planes which were scheduled to begin.

A composite battalion in full battle order and equipped with gas masks will fight off the Hurricane's aerial attack with machine guns. Bombs and rifles are at a spot along the Ellsbow river.

New Method For Insulin Reported
PALO ALTO, Cal., July 4.—Insulin administered through the mouth, instead of by the use of a "carrier" drug such as atropine, may be the next step in the control of diabetes, Professor J. P. Hanika of Stanford University told the Society for Experimental Biology and Medicine.

COMMISSION RESUES PROBE E.D. AFFAIRS

Relations Between District, Lakeland, Ltd., Are Under Review

By SAM G. ROSS
Canadian Press Staff Writer
EDMONTON, July 4.—Alberta's Commission of Enquiry into the relations between the Eastern Irrigation District and Lakeland, Ltd., a development project, were probed today at resumption of the Lakeland Board of Enquiry.

G. M. Blacklock, K.C., commissioner, and Lakeland, Ltd., were incorporated by E. J. Gray, former manager of the E.I.D., and others. There were land and stock transactions that required explanation.

The 200 shares were sold to Mr. McGreggor to take over improved property at Lakeland. Mr. McGreggor is now in the hands of the E.I.D. to take over the property and contract said Mr. McGreggor.

PROVINCE HAS NEW CARRIER FISH TRANSIT

400-Gallon Tank is First of Its Kind to be Used in Dominion

Facilitating handling and planting of Alberta fish, a 400-gallon rapid transit fish carrier has been purchased by the fish and game department of the province.

The carrier is a small, motor-driven, 400-gallon tank, which is the first of its kind to be used in the Dominion. It is the main tank under present use.

Through use of this tank, which is the first of its kind to be used in the Dominion, large quantities of fish can be transported at minimum temperature.

By circulating water through the coils in an ice box, temperature is kept at the warm summer level. Station pumps are used to pump water into the tanks when fish are being carried. The pumps equalize the temperature before delivery.

Gradually, said Mr. Mullen, as new equipment is provided, use of the carrier will be increased. In addition, by use of the new carrier, the province's fish and results will be more satisfactory.

MADE TO ORDER
Mr. Mullen said that the truck is built on a one and one-half ton chassis

HUGHES PLANS LONG HOP IN HUGE PLANE

Millionaire Airman To Take 32-Passenger Craft On Flight

HOLLYWOOD, July 4.—Howard Hughes, millionaire aviator, admitted he was planning a long-distance flight in a new 32-passenger Boeing plane which he obtained for experimental purposes.

At present at this time announce where and when the flight will be made. Hughes told the United Press, "because I have not yet completed my plans."

"You may say definitely, however, that I am not planning any other flight around the world and most certainly would not engage in any stunt like a non-stop flight around the world, as has been reported by some people. I believe that a non-stop flight around the world is a circus stunt."

"In all my flights I have attempted to do aviation by using the latest advance flight over routes that were suitable for commercial aviation, never engaging in circus stunts of little practical value."

Hughes promised that he would disclose the details of his next flight as soon as he was certain of his plans.

Search For Six Missing On Boat

Vancouver, July 4.—British Columbia police reported a man and woman missing since Sunday in a 16-foot speedboat were safe, and continued their search for six other persons on large pleasure craft.

Officers said Percy A. McFarlane and Margaret Shaw of Vancouver were of Loughlin Island in the Gulf of Georgia, 25 miles north of Nanaimo, B.C.

The other boat was the cabin cruiser Alva Freda of New Westminster, B.C., in which W. M. Cunningham of New Westminster and five other persons have been missing since they left Fanny Bay, B.C., 80 miles north of here, for home.

Vancouver Tot Gets Unscheduled Boat Journey

Vancouver, July 4.—Four-year-old Tommy Greig went down to town to say to his mother, father, a sister returning to the Royal Canadian Air Force coastal base at Esquimalt, and get an unscheduled boat trip himself. He went to Nanaimo, across Georgia Gulf on Vancouver Island.

The child disappeared Sunday while his parents, Mr. and Mrs. Hugh Greig, chatted on the wharf. He walked aboard the steamship Princess Victoria beside a stranger woman, and steamship officials noted the mistake only when the vessel had sailed.

When he cried, ship officers held him and turned him over to the stewards, who returned the child to his mother when the steamship sailed back to Vancouver Sunday night.

Rev. Dan McIvor To Oppose Manion

FORT WILLIAM, Ont. July 4.—Rev. Dan McIvor last night was nominated by a convention of Liberals of Fort William federal riding to contest the constituency against Mr. R. J. Manion, a national Conservative leader, at the next federal election. Mr. Manion is the present member, having defeated Dr. Manion for the seat in the 1935 election.

Legislation To Enable Person To Sue Crown Sought

REGINA, July 4.—Amending legislation, both federal and provincial, which would enable a person to sue the crown as a private party was asked at annual meeting of the Law Society of Saskatchewan held here at the weekend.

A resolution urged that members of the Law Society of Saskatchewan be granted the right to practice law in the North West Territories. At present, lawyers from Alberta are allowed to practice in the Territories, under control of Ottawa.

Deanna Durbin To Travel To England To Keep Promise

TORONTO, July 4.—Deanna Durbin made a promise, and now the Winnipeg-born film star will travel nearly half-way around the world to keep it.

Frank D. Sidall, in charge of a commission to the United States for the London hospital, passed in Toronto Monday after visiting Hollywood with the news that the parents of Deanna had agreed to let her travel for her charity show in connection with the fund raising. Deanna had promised to help after time ago.

C.N. Appointment

MONTREAL, July 4.—W. H. Clegg, formerly chief inspector of air brakes, and car heating equipment, Canadian National Western lines, was appointed general superintendent of motive power and car equipment, Great Canadian Western lines, with headquarters at Battle Creek, Mich.

He was also named as general superintendent of motive power and car equipment for the National system.

Canadian Authors Told To Have Decent Pride In Results of Endeavors

HALIFAX, July 4.—Canadian authors were asked to "strengthen up" before nearly smothered—stop behaving like flustering old maids. By Publisher Hugh S. Evans, of Toronto, in an address read before the eighteenth annual meeting and national convention of the Canadian Authors' Association last night.

"We are sometimes as sickly in our humility that we crave the praise of the world for doing to exist," Mr. Evans said. He was unable to be present and the address was read to the delegates.

SHOULD STUDY MARKET

"There is such an emotion as defeat, pride," he continued. "I am often told by the critics and the fearful fashion in which, in many respects of life in Canada, we offer the results of our endeavor. And yet, even for them in the English language—possibly not so many as we."

Canadian National's Royal Locomotive Is Viewed At Fair

NEW YORK, July 4.—The giant blue and silver Canadian National Railways locomotive 6400, which hauled the Royal train of King George and Queen Elizabeth on their trip through Canada during the recent Royal tour, was shown the role of honor in the spectacular drama "Railroads on Parade" at the New York World's Fair Monday as part of the fair's observance of the Dominion's national holiday.

The 94 foot locomotive, which is the largest steam engine in the British empire with one of its regular engines, Rodrick MacKay of the Toronto and Montreal, and Fred A. St. Pierre also in the cab, was used in the grand finale of the railroad spectacle which daily is viewed by thousands of World's Fair visitors.

Lightning Bolt Plays Pranks In Nova Scotia Home

NOVA, July 4.—Lightning hit Robert Ettner's house Monday and left Mrs. Ettner temporarily paralyzed and incapable of speech.

Ripped the nose and heels from daughter Sadie's shoes. Caused a hanging pitcher to fall and shatter on son Scott's head. No one was seriously hurt, though.

3 Trainmen Killed

MOUNT VERNON, Ky. July 4.—A mountain slide killed three trainmen Monday when a freight locomotive, 6,000 tons of rock and dirt pushed a freight locomotive and 10 box cars off the tracks seven miles east of here. The bodies of the three were recovered from the locomotive which fell into Round Stone Creek.

Embryonic League Nourished In Elyria, Ohio Of Middle Class

ELYRIA, O. July 4.—This northern Ohio city of 2,000 nourished today Walter B. Piskin's embryonic "League of the Middle Class," which the Columbia University publicist said is destined to grow into the next American revolution.

Representatives of more than 30 organizations and churches comprised a committee to organize the League, which the author of "Life Begins At 40" hopes will one day be counter to the League.

He outlined his "revolutionary movement" during a talk at the political and non-political, dedicated to defend middle class economic security against invasion by

THREE SISTERS LINK ARMS, THEN LEAP TO DEATH

WEST NEWTON, Pa. July 4.—Linked arm in arm, three young sisters who couldn't swim leaped from a sinking skiff and drowned in the treacherous, rain swollen Youngs Bay every Sunday.

A companion, 20-year-old Margaret Skarlat, swept toward shore by the turbulent current, grasped a branch of an overhanging tree and pulled herself to safety. The muddy waters were dragged through the night without finding trace of the pretty victims. Eleanor Mirella, 16, Ann, 20, and Louise, 22, of nearby Collingdale.

Reconstruction Program Planned In Newfoundland

ST. JOHN'S, Nfld. July 4.—A elaborate reconstruction program for Newfoundland was announced last night by Finance Commissioner Person as he delivered his budget speech.

Spending of \$17,116,000 in the coming fiscal year was anticipated in the speech delivered before the Board of Trade, compared with last year's \$15,126,000.

The commission of government, which has administered Newfoundland's affairs since development and settlement to colony status in 1933, laid out plans in the speech for agricultural development, land settlement, road and bridge work, the fisheries, public health, education and the encouragement of new industries.

Ottawa Journal Predicts Vote For October 16

OTTAWA, July 4.—The Ottawa Journal in a newspaper survey today says preparations are being made in government circles for the Dominion election to take place Monday, Oct. 16, "provided the threat of war is not averted."

Prime Minister Mackenzie King will wait until near the end of August before announcing dissolution of parliament, the paper says.

Mrs. Roosevelt Endorses Creed of Youth Congress At New York Meeting

NEW YORK, July 4.—Mrs. Franklin D. Roosevelt last night endorsed the creed of the American Youth Congress against which she protested anti-Communist delegates protesting Monday by walking out of the meeting.

"I am very proud of the creed you adopted today," she said in an address to the congress. "Nothing has come out of any organization."

The creed, into which the anti-Communist had attempted to inject a condemnation of communism, pledges members of the congress to oppose the "Democratic way" to oppose. All underground tendencies and all forms of dictatorship.

An amendment which would have condemned Communism, as well as Fascism and Nazism, was rejected by the congress. A spokesman said the organization had refused to pass a resolution on Communism, and because it knew it would be used as an excuse to expel groups from the congress whose object is a "Democratic youth."

COUNCIL WILL PROBE REPORT RELIEF WAGES

Report States Plan Is Settled Policy Of City Departments

Chicago that relief recipients were being made to work on city maintenance work for relief wages made by the Welfare Administration, will be investigated by the Trades and Labor Council and representatives will be made to the federal, provincial and municipal governments that this is a discrimination against those unfortunate enough to be on relief.

It was claimed a new settled policy of the relief authorities in connection with the city maintenance department would effect measures to maintain work for all relief recipients.

PRINTING PROTEST

The complaint of delegates from the Allied Printing Trades representatives will be made to Hon. Stuart Legg, minister of labor, calling attention to the use of printing machines for small printing jobs.

These machines are operated in the basement of the Legislative building, and also that machine operators are employed to do the work.

INTEGRATION OF BYLAWS

It was pointed out that the reform of the bylaws of the city of Edmonton is being made to the city printing firms as they were unable to comply with the provisions of the bylaws of the city of Edmonton.

It was also alleged that the type of functioning machinery in the basement was an interference with the work.

THIRD SCHOOL COMMUNITY LIFE OPENS AT OLDS

Under the auspices of the University of Alberta, department of extension, the third Alberta School of Community Life opened at Olds School of Agriculture on Monday and will continue to July 15, according to Donald Cameron, director of the department. It is anticipated that the school will be a record attendance this year.

A bulletin of the school will be the course in international affairs to be given by Prof. Norman McMillan of the University of Toronto.

A T. Kemp of Olds school will give lectures on depression, planning and care of flowers and shrubs.

Other features include cooperative principles and rural sociology course to be given by Prof. H. B. Drummond, head of the department of agricultural economics at the Ontario Agricultural College, a course in handwriting by Mrs. Harry Atwater, social psychology by Watson Thomas, of the U. of A. department, and a course in the history of the U. of A. department, by Gen. Phineas, formerly of the U. of A. department, and a course in home-making by Mrs. Christine McIntyre, of the Olds school.

Softfooted Thief Prouds No Longer: Arrested Monday

They looked, alleged to be the softfooted burglar who has entered city homes and stores recently through back doors, was arrested Monday by Detective Pink Kinkaid and M. M. M. M. He will face several charges of breaking and entering when he appears in judge court. In their recent efforts every article except currency has been destroyed by the burglar, who in the case passed up jewelry.

Ottawa Has No Knowledge Alien Smuggling Wave

OTTAWA, July 4.—Police and immigration authorities in Ottawa today had no knowledge of a rumored wave of alien smuggling from Canada to the United States across the Detroit river as described in a dispatch from Detroit.

Officials of the Royal Canadian Mounted Police said they had received no requests for cooperation or assistance.

The Detroit report said U. S. patrol men had established a special watch on the Detroit river to combat a rising wave of alien smuggling from Canada.

Canada Urged Extend Realm by Inclusion Newfoundland, Labrador

TORONTO, July 4.—Sir Richard Squires, former premier of Newfoundland, Monday expressed his belief that Canada has not extended her realm by the inclusion of Newfoundland and Labrador in the Canadian confederation as the British North America Act might be entirely.

A clause constitutional convention would provide for the inclusion of Newfoundland and Labrador in the Canadian confederation as the British North America Act might be entirely.

NEW ZEALAND REPORTS SKILLED LABOR SCARCE

By J. C. GRHAM. (Continued from page 10.)

NEW ZEALAND, New Zealand, reports a shortage of skilled labor. The shortage is particularly acute in the case of the New Zealand government, which is unable to find enough skilled labor to carry out its various projects. The shortage is also felt by the private sector, which is unable to find enough skilled labor to carry out its various projects.

FEWER MARRIAGE KNOTS ARE TIED

Fewer marriage knots were tied and more untied in June than in May, figures released Tuesday showed. In June there were 124 marriage licenses issued as against 162 for June of 1938, while there were 10 divorces granted, of which there were 22 absolute or final decrees and 17 with no decree.

In May of this year there were only 19 final divorce decrees granted and no absolute decrees.

County officials stated that 24 divorces resulted in a judgment in favor of the wife.

Officials at the court house felt that the increase in the number of divorces was due to the fact that the courts are now more lenient in granting divorces.

UNITY COUNCIL TO NOMINATE 3 CANDIDATES

Executive of Edmonton Unity Council Monday evening decided to hold a nominating convention on Monday, July 24, to nominate three candidates to contest the five vacancies in Edmonton's "Citizens' Council" in conjunction with members of the Liberal and Conservative parties.

This action by the Unity Council is the implementing of a suggestion made by the joint committee of the three parties to arrive at a fusion front in an effort to defeat the present administration.

Whether the Liberal party will support this proposal will be decided on Thursday, July 27, when that party holds a nominating convention.

YOUTH PARLEY FAVORS STEPS FOR DEFENCE

Congress Thinks Canada
Should Form Independent
Foreign Policy

WINNIPEG, July 4.—Instead of following Britain's lead, the Canadian youth congress, which opened today in Winnipeg, declared that Canada should immediately form an independent one and define the Dominion's constitutional position with regard to the Empire and other nations, declared a resolution approved last night at the fourth Canadian Youth Congress.

The congress which winds up its four-day session today, favored steps to defend Canada's independence but maintained the success of Canadian self-government depends on the Canadian government pursuing a foreign policy of collective security, criticism levelled.

The report of the commission on peace policy was endorsed by the general meeting. It levelled criticism on the Dominion's foreign policy at the time of the British Empire and other nations, declared a resolution approved last night at the fourth Canadian Youth Congress.

"This is because Canada has to defend itself against the forces of the British Empire and other nations, declared a resolution approved last night at the fourth Canadian Youth Congress.

"That Britain has been in a position to pursue a constructive policy in the case of aggression in China, Ethiopia, Austria, Spain, Czechoslovakia and of the Baltic states, for this reason the congress condemns it."

Delegates, meeting for the first time in the West, went on record in favor of the formation of an independent foreign policy for Canada, which would permit the Dominion to make its own decisions in the event of a world economic emergency, such as the lowering of custom duties.

JOBLESS CLAIM THREATENED ON LOSS OF HOMES

DRUMHELLER, July 4.—Threatened with the loss of their homes by forced tax sales unless they pay school tax arrears to the city of Drumheller, the residents of the town are claiming Monday evening that they have the longest untaken record for growing registered soil in Alberta, having been engaged in this work for the past 20 years.

"This Britain has been in a position to pursue a constructive policy in the case of aggression in China, Ethiopia, Austria, Spain, Czechoslovakia and of the Baltic states, for this reason the congress condemns it."

Delegates, meeting for the first time in the West, went on record in favor of the formation of an independent foreign policy for Canada, which would permit the Dominion to make its own decisions in the event of a world economic emergency, such as the lowering of custom duties.
